

Industry-Specific Digital Marketing

Marketing plans shaped around the needs of different industries.

Industry landing pages and tailored service combinations help visitors find information relevant to their business type.

Industries to consider

- Hospitals, clinics and dental practices
- Schools, colleges and coaching centres
- Real estate and property services
- Hotels, restaurants and hospitality
- Retail and e-commerce
- Professional and local services
- Manufacturing and B2B businesses
- Gyms, salons and wellness businesses
- Startups and personal brands

Common solutions

- Industry-specific website or landing page
- Local and technical SEO
- Content and social media planning
- Paid campaign planning
- Enquiry forms and tracking

- Performance reporting

Healthcare marketing note

- Use accurate, responsible healthcare information.
- Protect personal and patient data.
- Follow applicable healthcare advertising and platform policies.
- Do not promise medical outcomes or guaranteed patient volumes.

Tailoring process

- Understand industry and location
- Identify audience and service priorities
- Choose suitable channels
- Define enquiry goals and measurement

Let's talk about your goals
