

VakhifyDigital Agency Profile

Digital services for a clearer and more effective online presence.

VakhifyDigital is a digital marketing brand offering a range of online growth services. The exact scope for each project is agreed with the client before work begins.

Service areas

- SEO and local search visibility
- Social media marketing
- Google Ads and Meta Ads support
- Website design and landing pages
- Content, graphics and video
- Email, WhatsApp and automation planning
- Analytics, tracking and reporting
- Industry-specific marketing

Our working approach

- Understand the business and its audience
- Agree priorities and deliverables
- Plan and implement the selected services
- Measure available signals and review progress
- Recommend practical next steps

Why a clear scope matters

- Every proposal should state what is included

- Client access and approvals should be agreed
- Third-party costs should be transparent
- Performance expectations should be realistic
